- Easily integrate and manage.

Looking to save time  
and increase productivity?

Want to stay effortlessly connected  
while you're on the move?

UC Pro is the brand-new unified communication application from Panasonic, offering you the ultimate communication solution. Ideal for all kinds of industries where fast, effective connectivity is key, and as the perfect partner to the KX-NS series, it's our most versatile, user-friendly system yet.

UC Pro has multi-device compatibility, easy-to-use functionality and complete on-the-go capability. It keeps the business world at your fingertips, wherever you happen to be.

# Anyone, anywhere, any time

## Ready to connect to any device

- Increased productivity through seamless communication
- New levels of flexibility through multiple communication formats
- Reduced communication time thanks to instant contact/video
- Multi-device capabilities for on-the-go communication
- One-package application including CTI, instant messaging, integration and more

## Wide-ranging compatibility

- Outlook, Lotus and Datasource integration
- Smart phone, tablet, PBX/IP phone and PC integration
- Windows and Mac OS compatibility
- UC Pro mobile app downloadable from Google and Apple stores

## This powerful application can be easily integrated into existing infrastructures and features:

### Up to 2500 user capacity

Bringing fast, easy connection to your lines and across your business.

### Voice call

Quick and accurate dialling straight from your PC/Device.

### Text chat

Simpler and more accurate than email.

### Audio chat

Smooth easy voice communication. Instantly share information through group chat.

### Video chat

Remote meetings whenever they're needed. Reduce travel and out-of-office time.

### Presence

Share your location and see where others are.

### Favourites

Register your frequently used contacts for instant recall.

### Search

Quickly find contacts from your datasources. Easily share directories with others.

### Journal

Automatically record your entire call history. Instantly check previous call recordings.

### Unedited

Easily view all your missed calls. Leave an out-of-office notification.

### Planned

Record all your schedules. Receive pop-up notifications.

### Extension

Pair with your PBX extensions. Switch to an outside line with one click.

### Mobile integration

Easy connection to your phone and sharing of contacts.
